

Special Functions of Neighborhood Services

Organize Neighborhood Associations:

Work with residents within specific boundaries to organize neighborhood association. Create a unified Voice among residents., educate residents regarding available resources and empower residents to help improve their quality of life.

Code Enforcement:

At the discretion of code enforcement officer, Neighborhood Coordinator will interact with residents in violation of city codes, by placing a friendly phone call to residents who may have neglected to respond to letters from code enforcement, this is an attempt to rectify problem prior to resident being fined. Also to offer technical assistance to identify resources, beneficial to residents in resolving issues that will prevent issuance of fines for abandoned vehicles, overgrown lawns etc.

Demolition:

Demolition of unsafe structures in residential areas is carried out by the Neighborhood Services Division. It is our goal to rid the city of debris, illegal dumping, unsafe & unsightly structures.

Special Projects

Keep Leesburg Beautiful:

This Annual event brings forth an awareness to residents to Keep our Lakefront City Clean. The city is divided into quadrants and we select one Saturday to clean each quadrant. Volunteers (high school students, non profits, churches, etc), solid waste dept., the county's hazardous waste division & housing division of the city all work together to make the event a success.

Neighborhood Leader's Summit:

A day of workshops planned for residents to obtain information & participate in activities useful for community improvement. We also provide lunch for residents & city staff.
